SECTION A

DEAR APPLICANT LETTER

January 04, 2011

Dear Applicant:

The Secretary invites applications for a new award in fiscal year (FY) 2011 under the Disability Rehabilitation Research Projects, for a National Data and Statistical Center for the Traumatic Brain Injury (TBI) Model Systems (CFDA Number - 84.133A-5). NIDRR is seeking applications that address all elements of the priority, and that propose appropriate, high-quality research methodologies. It is critical that proposals describe expected public benefits, especially benefits for individuals with disabilities, and propose projects that are designed to demonstrate outcomes that are consistent with the proposed goals.

The purpose of the DRRP program is to plan and conduct research, demonstration projects, training, and related activities to develop methods, procedures, and rehabilitation technology that maximize the full inclusion and integration into society, employment, independent living, family support, and economic and social self-sufficiency of individuals with disabilities, especially individuals with the most severe disabilities, and to improve the effectiveness of services authorized under the Rehabilitation Act of 1973, as amended.

The start date for new awards for the (FY) 2011 programs will be no later than October 1, 2011.

APPLICATION PROCEDURES

This application package contains information and the required forms for potential applicants to apply and be considered for a FY 2011 grant award under this competition, including the published Federal Register notice dated Tuesday, January 04, 2011. The background statement from the Notice of Proposed Priorities is in Section D.

The closing date (application deadline) is **March 07, 2011**.

Potential applicants are advised to read the materials in this application package carefully. Please pay particular attention to the information on the types of organizations that are eligible to apply for these grants, how to prepare an application, the dollar amount for any year, the protection of human subjects, and the selection criteria. Applications must be responsive to the absolute priority in Section C and the statutory, regulatory, and general requirements for the DRRP program in Section E. The application narrative should be written in the order of the selection criteria in Section F. The selection criteria will be used by the reviewers to evaluate the application.

Include a one page abstract. The abstract is a critical component of the proposal, and it should describe the purpose, target population to be served during the project period,

planned goals and objectives, proposed methodological approach, and anticipated project outcomes.

Award Amounts, Required Cost Share and Indirect Cost Rate

We will reject any application that proposes a budget exceeding the revised amount of \$625,000 for a single budget period of 12 months for the National Data and Statistical Center for the Traumatic Brain Injury (TBI) Model Systems (CFDA Number - 84.133A-5). The minimum cost sharing of up to 1% is required and can be negotiated at the time of the grant award if not included in the application. Cost-match/share can be a reduced indirect cost rate, donated FTE, donated space, and/or donated equipment. The indirect cost rate is your institution's federally negotiated rate.

APPLICATION SUBMISSION PROCEDURES

You **must** submit your application electronically using the Grants.gov Apply site. See Section B, Notice Inviting Applications and Section J, Application Transmittal Instructions.

NOTE: You will be uploading sections of your application by heading. There is a heading for:

- (1) abstract;
- (2) table of contents;
- (3) project narrative;
- (4) other – resumes;
- (5) other – letters of commitment/support;
- (6) other and
- (7) budget narrative/justification.

There is a file-size limitation to each section and you may only upload one document under each heading. Therefore, in order to make sure that all of your materials are uploaded successfully, you will need to combine multiple original documents for a heading (e.g., letters, resumes) into a single document before uploading.

Electronic copies must be fully uploaded on the Grants.gov site by 4:30:00 pm, Washington DC time on the closing date, **March 07, 2011**. This process may take several hours. Therefore, please allow several hours or a full day to submit your application. If there is a submission error, additional time will be needed to correct the error and resubmit.

We encourage you to read Section J – Grants.Gov Submission Procedures and Tips for Applicants

PROGRAM REGULATIONS

These grants are subject to the requirements of the Education Department General Administrative Regulations (EDGAR), in 34 CFR Parts 74, 75, 77, 80, 81, 82, 84, 85, 86, and 97, which set forth general rules affecting the submittal, review, grant award, and post-award administration for Department of Education grant programs.

TECHNICAL ASSISTANCE

Pre-Application Meeting:

A pre-application meeting will be held between 1:00 p.m. and 3:00 p.m. on January 25, 2011 by teleconference. Interested parties are invited to participate in the pre-application meeting to discuss the funding priority and to receive information and technical assistance. You must contact Lynn Medley at Lynn.Medley@ed.gov by Monday, January 24, 2011 in order to participate in this meeting. NIDRR staff also will be available to provide information and technical assistance via individual phone consultations from 3:30 p.m. to 4:30 p.m. on January 25, 2011. Requests for individual consultations during this one hour window must be made in advance to Lynn Medley.

If you have any questions about the information in this application package, please contact Lynn Medley at Lynn.Medley@ed.gov or by telephone at (202) 245-7338 or Marlene Spencer at Marlene.Spencer@ed.gov or by telephone at (202) 245-7532. Individuals who use a telecommunications device (TDD) may call the Federal Relay Service (FRS) at 1-800-877-8339 between 8:00 a.m. and 4:00 p.m., EST, Monday through Friday.

If you experience problems submitting your application through Grants.gov, please contact the Grants.gov Support Desk, toll free, at 1-800-518-4726.

NOTE: Please forward this entire application package to the individual or office responsible for preparing an application, as they will need the entire package to complete the grant application.

Thank you for your interest in these programs.

Sincerely,

//signed//

Sue Swenson,
Acting Director,
National Institute on Disability and
Rehabilitation Research

SECTION B

***FEDERAL REGISTER* NOTICE INVITING APPLICATIONS FOR NEW AWARDS**

4000-01-U

DEPARTMENT OF EDUCATION

Office of Special Education and Rehabilitative Services

Overview Information

National Institute on Disability and Rehabilitation Research

(NIDRR)--Disability and Rehabilitation Research Projects and

Centers Program--Disability and Rehabilitation Research Projects

(DRRPs)--National Data and Statistical Center for the Traumatic

Brain Injury (TBI) Model Systems.

Notice inviting applications for new awards for fiscal year (FY)
2011.

Catalog of Federal Domestic Assistance (CFDA) Number: 84.133A-5.

Dates:

Applications Available: January 04, 2011.

Date of Pre-Application Meeting: January 25, 2011

Deadline for Transmittal of Applications: March 07, 2011.

Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The purpose of the DRRP program is to improve the effectiveness of services authorized under the Rehabilitation Act of 1973, as amended, by developing methods, procedures, and rehabilitation technologies that advance a wide range of independent living and employment outcomes for individuals with disabilities, especially individuals with the

most severe disabilities. DRRPs carry out one or more of the following types of activities, as specified and defined in 34 CFR 350.13 through 350.19: research, training, demonstration, development, dissemination, utilization, and technical assistance.

An applicant for assistance under this program must demonstrate in its application how it will address, in whole or in part, the needs of individuals with disabilities from minority backgrounds (34 CFR 350.40(a)). The approaches an applicant may take to meet this requirement are found in 34 CFR 350.40(b).

Additional information on the DRRP program can be found at: www.ed.gov/rschstat/research/pubs/res-program.html#DRRP.

Priorities: These priorities are from the notice of final priorities for DRRPs, published in the Federal Register on April 28, 2006 (71 FR 25472).

Absolute Priorities: For FY 2011, these are absolute priorities. Under 34 CFR 75.105(c)(3) we consider only applications that meet these priorities.

These priorities are:

General Disability and Rehabilitation Research Projects (DRRP)

Requirements

To meet this priority, the Disability and Rehabilitation Research Projects (DRRP) must--

(a) Coordinate on research projects of mutual interest with relevant NIDRR-funded projects, as identified through consultation with the NIDRR project officer;

(b) Involve individuals with disabilities in planning and implementing the DRRP's research, training, and dissemination activities, and in evaluating its work; and

(c) Identify anticipated outcomes (i.e., advances in knowledge or changes and improvements in policy, practice, behavior, and system capacity) that are linked to the applicant's stated grant objectives.

National Data and Statistical Center for the Traumatic Brain Injury (TBI) Model Systems.

The Assistant Secretary for Special Education and Rehabilitative Services establishes a priority for the funding of a National TBI Model Systems Data Center that advances medical rehabilitation by increasing the rigor and efficiency of scientific efforts to longitudinally assess the experience of individuals with TBI. To meet this priority, the National TBI Model Systems Data Center's research and technical assistance must be designed to contribute to the following outcomes:

(a) Maintenance of a national longitudinal database for data submitted by each of the TBI Model Systems Centers (TBI Model Systems Database). This database must provide for

confidentiality, quality control, and data-retrieval capabilities, using cost-effective and user-friendly technology.

(b) High-quality, reliable data in the TBI Model Systems Database. The National TBI Model Systems Data Center must contribute to this outcome by providing training and technical assistance to TBI Model Systems Centers on subject retention and data collection procedures, data entry methods, and appropriate use of study instruments, and by monitoring the quality of the data submitted by the TBI Model Systems Centers.

(c) High-quality data collected from database participants of all racial/ethnic backgrounds. The National TBI Model Systems Data Center must contribute to this outcome by providing knowledge, training, and technical assistance to the TBI Model Systems Centers on culturally appropriate methods of longitudinal data collection and participant retention.

(d) Rigorous research conducted by TBI Model Systems Centers and all investigators who are analyzing data from the TBI Model Systems Database. The National TBI Model Systems Data Center must contribute to this outcome by making statistical and other methodological consultation available for research projects that use the TBI Model Systems Database, as well as center-specific and collaborative projects of the TBI Model Systems Program.

(e) Enhanced continuity of the TBI Model Systems Database. The National TBI Model Systems Data Center must contribute to this outcome by establishing and implementing a mechanism for continued collection of follow-up data from individuals who were enrolled by TBI Model Systems Centers that no longer receive Model Systems Program funding.

This mechanism must focus on continued collection of data from up to four TBI Model Systems Centers that were previously funded, but that have not received subsequent funding under the Model Systems Program.

(f) Improved quality and efficiency of the TBI Model Systems Database operations through collaboration with the National Spinal Cord Injury Model Systems Data Center, the National Burn Model Systems Data Center, and the Model Systems Knowledge Translation Center (MSKTC).

Program Authority: 29 U.S.C. 762(g) and 764(a).

Applicable Regulations: (a) The Education Department General Administrative Regulations (EDGAR) in 34 CFR parts 74, 75, 77, 80, 81, 82, 84, 85, 86, and 97. (b) The regulations for this program in 34 CFR part 350. (c) The notice of final priorities for the Disability and Rehabilitation Research Projects and Centers program, published in the Federal Register on April 28, 2006 (71 FR 25472).

Note: The regulations in 34 CFR part 86 apply to institutions of higher education (IHEs) only.

II. Award Information

Type of Award: Discretionary grants.

Estimated Available Funds: The Administration has requested \$111,919,000 for the NIDRR program for FY 2011, of which we intend to use an estimated \$625,000 for the National Data and Statistical Center for the Traumatic Brain Injury (TBI) Model Systems. The actual level of funding, if any, depends on final congressional action. However, we are inviting applications to allow enough time to complete the grant process if Congress appropriates funds for this program.

Maximum Award: We will reject any application that proposes a budget exceeding \$625,000 for a single budget period of 12 months. The Assistant Secretary for Special Education and Rehabilitative Services may change the maximum amount through a notice published in the Federal Register.

Estimated Number of Awards: 1.

Note: The Department is not bound by any estimates in this notice.

Project Period: Up to 60 months.

III. ELIGIBILITY INFORMATION

1. Eligible Applicants: States; public or private agencies, including for-profit agencies; public or private organizations,

including for-profit organizations; IHEs; and Indian tribes and tribal organizations.

2. Cost Sharing or Matching: Cost sharing is required by 34 CFR 350.62(a) and will be negotiated at the time of the grant award.

IV. Application and Submission Information

1. Address to Request Application Package: You can obtain an application package via the Internet or from the Education Publications Center (ED Pubs). To obtain a copy via the Internet, use the following address:

www.ed.gov/fund/grant/apply/grantapps/index.html.

To obtain a copy from ED Pubs, write, fax, or call the following: ED Pubs, U.S. Department of Education, P.O. Box 22207, Alexandria, VA 22304. Telephone, toll free: 1-877-433-7827. FAX: (703) 605-6794. If you use a telecommunications device for the deaf (TDD), call, toll free: 1-877-576-7734.

You can contact ED Pubs at its Web site, also: www.EDPubs.gov or at its e-mail address: edpubs@inet.ed.gov.

If you request an application package from ED Pubs, be sure to identify this competition as follows: CFDA number 84.133A-5.

Individuals with disabilities can obtain a copy of the application package in an accessible format (e.g., braille, large print, audiotape, or computer diskette) by contacting the

person or team listed under Accessible Format in section VIII of this notice.

2. Content and Form of Application Submission: Requirements concerning the content of an application, together with the forms you must submit, are in the application package for this competition.

Page Limit: The application narrative (Part III of the application) is where you, the applicant, address the selection criteria that reviewers use to evaluate your application. We recommend that you limit Part III to the equivalent of no more than 125 pages, using the following standards:

A "page" is 8.5" x 11", on one side only, with 1" margins at the top, bottom, and both sides.

- Double space (no more than three lines per vertical inch) all text in the application narrative, including titles, headings, footnotes, quotations, references, and captions, as well as all text in charts, tables, figures, and graphs.

- Use a font that is either 12 point or larger or no smaller than 10 pitch (characters per inch).

- Use one of the following fonts: Times New Roman, Courier, Courier New, or Arial.

The recommended page limit does not apply to Part I, the cover sheet; Part II, the budget section, including the narrative budget justification; Part IV, the assurances and

certifications; or the one-page abstract, the resumes, the bibliography, or the letters of support. However, the page limit does apply to all of the application narrative section (Part III).

The application package will provide instructions for completing all components to be included in the application. Each application must include a cover sheet (Standard Form 424); budget requirements (ED Form 524) and narrative budget justification; other required forms; an abstract, Human Subjects narrative, Part III project narrative; resumes of staff; and other related materials, if applicable.

3. Submission Dates and Times:

Applications Available: January 04, 2011.

Date of Pre-Application Meeting: Interested parties are invited to participate in a pre-application meeting and to receive information and technical assistance through individual consultation with NIDRR staff. The pre-application meeting will be held on January 25, 2011. Interested parties may participate in this meeting by conference call with NIDRR staff from the Office of Special Education and Rehabilitative Services between 1:00 p.m. and 3:00 p.m., Washington, DC time. NIDRR staff also will be available from 3:30 p.m. to 4:30 p.m., Washington, DC time, on the same day, by telephone, to provide information and technical assistance through individual consultation. For

further information or to make arrangements to participate in the meeting via conference call or for an individual consultation, contact Marlene Spencer, U.S. Department of Education, Potomac Center Plaza (PCP), room 5133, 550 12th Street, SW., Washington, DC 20202. Telephone: (202) 245-7532 or by e-mail: Marlene.Spencer@ed.gov.

Deadline for Transmittal of Applications: March 07, 2011.

Applications for grants under this competition must be submitted electronically using the Grants.gov Apply site (Grants.gov). For information (including dates and times) about how to submit your application electronically, or in paper format by mail or hand delivery if you qualify for an exception to the electronic submission requirement, please refer to section IV. 7. Other Submission Requirements of this notice.

We do not consider an application that does not comply with the deadline requirements.

Individuals with disabilities who need an accommodation or auxiliary aid in connection with the application process should contact the person listed under For Further Information Contact in section VII of this notice. If the Department provides an accommodation or auxiliary aid to an individual with a disability in connection with the application process, the individual's application remains subject to all other requirements and limitations in this notice.

4. Intergovernmental Review: This program is not subject to Executive Order 12372 and the regulations in 34 CFR part 79.

5. Funding Restrictions: We reference regulations outlining funding restrictions in the Applicable Regulations section in this notice.

6. Data Universal Numbering System Number, Taxpayer Identification Number, and Central Contractor Registry: To do business with the Department of Education, you must--

a. Have a Data Universal Numbering System (DUNS) number and a Taxpayer Identification Number (TIN);

b. Register both your DUNS number and TIN with the Central Contractor Registry (CCR), the Government's primary registrant database;

c. Provide your DUNS number and TIN on your application; and

d. Maintain an active CCR registration with current information while your application is under review by the Department and, if you are awarded a grant, during the project period.

You can obtain a DUNS number from Dun and Bradstreet. A DUNS number can be created within one business day.

If you are a corporate entity, agency, institution, or organization, you can obtain a TIN from the Internal Revenue Service. If you are an individual, you can obtain a TIN from the Internal Revenue Service or the Social Security Administration.

If you need a new TIN, please allow 2-5 weeks for your TIN to become active.

The CCR registration process may take five or more business days to complete. If you are currently registered with the CCR, you may not need to make any changes. However, please make certain that the TIN associated with your DUNS number is correct. Also note that you will need to update your CCR registration on an annual basis. This may take three or more business days to complete.

In addition, if you are submitting your application via Grants.gov, you must (1) be designated by your organization as an Authorized Organization Representative (AOR); and (2) register yourself with Grants.gov as an AOR. Details on these steps are outlined in the Grants.gov 3-Step Registration Guide (see www.grants.gov/section910/Grants.govRegistrationBrochure.pdf).

7. Other Submission Requirements. Applications for grants under this competition must be submitted electronically unless you qualify for an exception to this requirement in accordance with the instructions in this section.

a. Electronic Submission of Applications.

Applications for grants under the DRRPs Program, CFDA number 84.133A-5, must be submitted electronically using the Governmentwide Grants.gov Apply site at www.Grants.gov. Through

this site, you will be able to download a copy of the application package, complete it offline, and then upload and submit your application. You may not e-mail an electronic copy of a grant application to us.

We will reject your application if you submit it in paper format unless, as described elsewhere in this section, you qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. Further information regarding calculation of the date that is two weeks before the application deadline date is provided later in this section under Exception to Electronic Submission Requirement.

You may access the electronic grant application for the DRRPs Competition at www.Grants.gov. You must search for the downloadable application package for this competition by the CFDA number. Do not include the CFDA number's alpha suffix in your search (e.g., search for 84.133, not 84.133A).

Please note the following:

- When you enter the Grants.gov site, you will find information about submitting an application electronically through the site, as well as the hours of operation.
- Applications received by Grants.gov are date and time stamped. Your application must be fully uploaded and submitted

and must be date and time stamped by the Grants.gov system no later than 4:30:00 p.m., Washington, DC time, on the application deadline date. Except as otherwise noted in this section, we will not accept your application if it is received--that is, date and time stamped by the Grants.gov system--after 4:30:00 p.m., Washington, DC time, on the application deadline date. We do not consider an application that does not comply with the deadline requirements. When we retrieve your application from Grants.gov, we will notify you if we are rejecting your application because it was date and time stamped by the Grants.gov system after 4:30:00 p.m., Washington, DC time, on the application deadline date.

- The amount of time it can take to upload an application will vary depending on a variety of factors, including the size of the application and the speed of your Internet connection. Therefore, we strongly recommend that you do not wait until the application deadline date to begin the submission process through Grants.gov.

- You should review and follow the Education Submission Procedures for submitting an application through Grants.gov that are included in the application package for this competition to ensure that you submit your application in a timely manner to the Grants.gov system. You can also find the Education Submission Procedures pertaining to Grants.gov under News and

Events on the Department's G5 system homepage at <http://www.G5.gov>.

- You will not receive additional point value because you submit your application in electronic format, nor will we penalize you if you qualify for an exception to the electronic submission requirement, as described elsewhere in this section, and submit your application in paper format.

- You must submit all documents electronically, including all information you typically provide on the following forms: Application for Federal Assistance (SF 424), the Department of Education Supplemental Information for SF 424, Budget Information--Non-Construction Programs (ED 524), and all necessary assurances and certifications.

- You must attach any narrative sections of your application as files in a .PDF (Portable Document) format only. If you upload a file type other than a .PDF or submit a password-protected file, we will not review that material.

- Your electronic application must comply with any page-limit requirements described in this notice.

- After you electronically submit your application, you will receive from Grants.gov an automatic notification of receipt that contains a Grants.gov tracking number. (This notification indicates receipt by Grants.gov only, not receipt by the Department.) The Department then will retrieve your

application from Grants.gov and send a second notification to you by e-mail. This second notification indicates that the Department has received your application and has assigned your application a PR/Award number (an ED-specified identifying number unique to your application).

- We may request that you provide us original signatures on forms at a later date.

Application Deadline Date Extension in Case of Technical Issues with the Grants.gov System: If you are experiencing problems submitting your application through Grants.gov, please contact the Grants.gov Support Desk, toll free, at 1-800-518-4726. You must obtain a Grants.gov Support Desk Case Number and must keep a record of it.

If you are prevented from electronically submitting your application on the application deadline date because of technical problems with the Grants.gov system, we will grant you an extension until 4:30:00 p.m., Washington, DC time, the following business day to enable you to transmit your application electronically or by hand delivery. You also may mail your application by following the mailing instructions described elsewhere in this notice.

If you submit an application after 4:30:00 p.m., Washington, DC time, on the application deadline date, please contact the person listed under For Further Information Contact in section

VII of this notice and provide an explanation of the technical problem you experienced with Grants.gov, along with the Grants.gov Support Desk Case Number. We will accept your application if we can confirm that a technical problem occurred with the Grants.gov system and that that problem affected your ability to submit your application by 4:30:00 p.m., Washington, DC time, on the application deadline date. The Department will contact you after a determination is made on whether your application will be accepted.

Note: The extensions to which we refer in this section apply only to the unavailability of, or technical problems with, the Grants.gov system. We will not grant you an extension if you failed to fully register to submit your application to Grants.gov before the application deadline date and time or if the technical problem you experienced is unrelated to the Grants.gov system.

Exception to Electronic Submission Requirement: You qualify for an exception to the electronic submission requirement, and may submit your application in paper format, if you are unable to submit an application through the Grants.gov system because--

- You do not have access to the Internet; or
- You do not have the capacity to upload large documents to the Grants.gov system;

and

- No later than two weeks before the application deadline date (14 calendar days or, if the fourteenth calendar day before the application deadline date falls on a Federal holiday, the next business day following the Federal holiday), you mail or fax a written statement to the Department, explaining which of the two grounds for an exception prevent you from using the Internet to submit your application.

If you mail your written statement to the Department, it must be postmarked no later than two weeks before the application deadline date. If you fax your written statement to the Department, we must receive the faxed statement no later than two weeks before the application deadline date.

Address and mail or fax your statement to: Lynn Medley,
U.S. Department of Education, 400 Maryland Avenue, SW., room
5140 PCP, Washington, DC 20202-2700

FAX: (202) 245-7323.

Your paper application must be submitted in accordance with the mail or hand delivery instructions described in this notice.

b. Submission of Paper Applications by Mail.

If you qualify for an exception to the electronic submission requirement, you may mail (through the U.S. Postal Service or a commercial carrier) your application to the Department. You must mail the original and two copies of your application, on or

before the application deadline date, to the Department at the following address:

U.S. Department of Education
Application Control Center
Attention: (CFDA Number 84.133A-5)
LBJ Basement Level 1
400 Maryland Avenue, SW.
Washington, DC 20202-4260

You must show proof of mailing consisting of one of the following:

- (1) A legibly dated U.S. Postal Service postmark.
- (2) A legible mail receipt with the date of mailing stamped by the U.S. Postal Service.
- (3) A dated shipping label, invoice, or receipt from a commercial carrier.
- (4) Any other proof of mailing acceptable to the Secretary of the U.S. Department of Education.

If you mail your application through the U.S. Postal Service, we do not accept either of the following as proof of mailing:

- (1) A private metered postmark.
- (2) A mail receipt that is not dated by the U.S. Postal Service.

If your application is postmarked after the application deadline date, we will not consider your application.

Note: The U.S. Postal Service does not uniformly provide a dated postmark. Before relying on this method, you should check with your local post office.

c. Submission of Paper Applications by Hand Delivery.

If you qualify for an exception to the electronic submission requirement, you (or a courier service) may deliver your paper application to the Department by hand. You must deliver the original and two copies of your application by hand, on or before the application deadline date, to the Department at the following address:

U.S. Department of Education
Application Control Center
Attention: (CFDA Number 84.133A-5)
550 12th Street, SW.
Room 7041, Potomac Center Plaza
Washington, DC 20202-4260

The Application Control Center accepts hand deliveries daily between 8:00 a.m. and 4:30:00 p.m., Washington, DC time, except Saturdays, Sundays, and Federal holidays.

Note for Mail or Hand Delivery of Paper Applications: If you mail or hand deliver your application to the Department--

(1) You must indicate on the envelope and--if not provided by the Department--in Item 11 of the SF 424 the CFDA number,

including suffix letter, if any, of the competition under which you are submitting your application; and

(2) The Application Control Center will mail to you a notification of receipt of your grant application. If you do not receive this notification within 15 business days from the application deadline date, you should call the U.S. Department of Education Application Control Center at (202) 245-6288.

V. Application Review Information

1. Selection Criteria: The selection criteria for this competition are from 34 CFR 75.210 of EDGAR and are listed in the application package.

2. Review and Selection Process: We remind potential applicants that in reviewing applications in any discretionary grant competition, the Secretary may consider, under 34 CFR 75.217(d)(3), the past performance of the applicant in carrying out a previous award, such as the applicant's use of funds, and compliance with grant conditions. The Secretary may also consider whether the applicant failed to submit a timely performance report or submitted a report of unacceptable quality.

In addition, in making a competitive grant award, the Secretary also requires various assurances including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance

from the Department of Education (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

3. Special Conditions: Under 34 CFR 74.14 and 80.12, the Secretary may impose special conditions on a grant if the applicant or grantee is not financially stable; has a history of unsatisfactory performance; has a financial or other management system that does not meet the standards in 34 CFR parts 74 or 80, as applicable; has not fulfilled the conditions of a prior grant; or is otherwise not responsible.

VI. Award Administration Information

1. Award Notices: If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN). We may notify you informally, also.

If your application is not evaluated or not selected for funding, we notify you.

2. Administrative and National Policy Requirements: We identify administrative and national policy requirements in the application package and reference these and other requirements in the Applicable Regulations section of this notice.

We reference the regulations outlining the terms and conditions of an award in the Applicable Regulations section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. Reporting: (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

4. Performance Measures: To evaluate the overall success of its research program, NIDRR assesses the quality of its funded projects through a review of grantee performance and products. Each year, NIDRR examines a portion of its grantees to determine:

- The number of accomplishments (e.g., new or improved tools, methods, discoveries, standards, interventions, programs, or devices) developed or tested with NIDRR funding that have been

judged by expert panels to be of high quality and to advance the field.

- The average number of publications per award based on NIDRR-funded research and development activities in refereed journals.

- The percentage of new NIDRR grants that assess the effectiveness of interventions, programs, and devices using rigorous methods.

NIDRR uses information submitted by grantees as part of their Annual Performance Reports (APRs) for these reviews.

Department of Education program performance reports, which include information on NIDRR programs, are available on the Department's Web site:

www.ed.gov/about/offices/list/oepd/sas/index.html.

5. Continuation Awards: In making a continuation award, the Secretary may consider, under 34 CFR 75.253, the extent to which a grantee has made "substantial progress toward meeting the objectives in its approved application." This consideration includes the review of a grantee's progress in meeting the targets and projected outcomes in its approved application, and whether the grantee has expended funds in a manner that is consistent with its approved application and budget. In making a continuation grant, the Secretary also considers whether the grantee is operating in compliance with the assurances in its

approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

VII. Agency Contact

For Further Information Contact: Either Lynn Medley or Marlene Spencer as follows: Lynn Medley, U.S. Department of Education, 400 Maryland Avenue, SW., room 5140, PCP, Washington, DC 20202-2700. Telephone: (202) 245-7338 or by e-mail:

Lynn.Medley@ed.gov. Marlene Spencer, U.S. Department of Education, 400 Maryland Avenue, SW., room 5133, PCP, Washington, DC 20202-2700. Telephone: (202) 245-7532 or by e-mail:

Marlene.Spencer@ed.gov.

If you use a TDD call the Federal Relay Service (FRS), toll free, at 1-800-877-8339.

VIII. Other Information

Accessible Format: Individuals with disabilities can obtain this document and a copy of the application package in an accessible format (e.g., braille, large print, audiotape, or computer diskette) by contacting the Grants and Contracts Services Team, U.S. Department of Education, 400 Maryland Avenue, SW., room 5075, PCP, Washington, DC 20202-2550. Telephone: (202) 245-7363.

If you use a TDD call the FRS, toll-free, at 1-800-877-8339.

Electronic Access to This Document: You can view this document, as well as all other documents of this Department published in the Federal Register, in text or Adobe Portable Document Format (PDF) on the Internet at the following site:

www.ed.gov/news/fedregister. To use PDF you must have Adobe Acrobat Reader, which is available free at this site.

Note: The official version of this document is the document published in the Federal Register. Free Internet access to the official edition of the Federal Register and the Code of Federal Regulations is available on GPO Access at:

www.gpoaccess.gov/nara/index.html.

Special Education and
Rehabilitative Services.

SECTION C

FEDERAL REGISTER

FINAL PRIORITY NOTICE

PUBLISHED: APRIL 28, 2006

4000-01-U

DEPARTMENT OF EDUCATION

National Institute on Disability and Rehabilitation Research; Disability and Rehabilitation Research Projects and Centers Program; Disability Rehabilitation Research Projects (DRRPs)

AGENCY: Office of Special Education and Rehabilitative Services, Department of Education.

ACTION: Notice of final priorities for DRRPs, including priorities for the National Data and Statistical Center for the Spinal Cord Injury (SCI) Model Systems and the National Data and Statistical Center for the Traumatic Brain Injury (TBI) Model Systems.

SUMMARY: The Assistant Secretary for Special Education and Rehabilitative Services announces certain final priorities for the Disability and Rehabilitation Research Projects and Centers Program administered by the National Institute on Disability and Rehabilitation Research (NIDRR). Specifically, this notice announces three priorities--a priority for General DRRP Requirements, a priority for the National Data and Statistical Center for the SCI Model Systems and a priority for the National Data and Statistical Center for the TBI Model Systems. The Assistant Secretary may use these priorities for competitions in fiscal year (FY) 2006 and later years. We take this action to focus research attention on areas of national need. We intend that these priorities will improve rehabilitation services and outcomes for individuals with disabilities.

DATES: Effective Date: These priorities are effective May 30, 2006.

FOR FURTHER INFORMATION CONTACT: Donna Nangle, U.S. Department of Education, 400 Maryland Avenue, SW., room 6030, Potomac Center Plaza, Washington, DC 20202-2700. Telephone: (202) 245-7462 or by e-mail: donna.nangle@ed.gov.

If you use a telecommunications device for the deaf (TDD), you may call the Federal Relay Service (FRS) at 1-800-877-8339.

Individuals with disabilities may obtain this document in an alternative format (e.g., Braille, large print, audiotape, or computer diskette) on request to the contact person listed under FOR FURTHER INFORMATION CONTACT.

SUPPLEMENTARY INFORMATION:

Disability and Rehabilitation Research Projects (DRRP) Program

The purpose of the DRRP program is to plan and conduct research, demonstration projects, training, and related activities to develop methods, procedures, and rehabilitation technology that maximize the full inclusion and integration into society, employment, independent living, family support, and economic and social self-sufficiency of individuals with disabilities, especially individuals with the most severe disabilities, and to improve the effectiveness of services authorized under the Rehabilitation Act of 1973, as amended. DRRPs carry out one or more of the following types of activities, as specified and defined in 34 CFR 350.13 through 350.19: research, development, demonstration, training, dissemination, utilization, and technical assistance.

An applicant for assistance under this program must demonstrate in its application how it will address, in whole or in part, the needs of individuals with disabilities from minority backgrounds (34 CFR 350.40(a)). The approaches an applicant may take to meet this requirement are found in 34 CFR 350.40(b).

Additional information on the DRRP program can be found at:

<http://www.ed.gov/rschstat/research/pubs/res-program.html#DRRP>.

We published a notice of proposed priorities (NPP) for NIDRR's Disability and Rehabilitation Research Projects and Centers Program, including the DRRP program, in the Federal Register on February 7, 2006 (71 FR 6318). The NPP included a

background statement that described our rationale for each priority proposed in that notice.

This notice of final priorities (NFP) addresses only 3 of the 15 priorities proposed in the NPP. The priorities addressed in this NFP are as follows: General DRRP Requirements (designated as Priority 1 in the NPP), National Data and Statistical Center for the SCI Model Systems (designated as Priority 2 in the NPP), and National Data and Statistical Center for the TBI Model Systems (designated as Priority 3 in the NPP). Because of the volume of comments received in response to the NPP, NIDRR intends to publish two separate notices of final priorities for the remaining 12 priorities proposed in the NPP (i.e., those priorities designated as Priorities 4 through 15 in the NPP). More information on these other priorities and the projects and programs that NIDRR intends to fund in FY 2006 can be found on the Internet at the following site:

<http://www.ed.gov/fund/grant/apply/nidrr/priority-matrix.html>.

This NFP contains two changes from the NPP in each of the National Data and Statistical Center for the SCI Model Systems priority and the National Data and Statistical Center for the TBI Model Systems priority. We have made no changes to the priority for General DRRP Requirements.

An analysis of the comments and the changes in these priorities since publication of the NPP follows. We discuss major issues according to subject.

Generally, we do not address technical and other minor changes and suggested changes we are not authorized to make under the applicable statutory authority.

Analysis of Comments and Changes

In response to our invitation in the NPP, we received no comments on the General DRRP Requirements priority, two parties submitted comments on the proposed priority for the National Data and Statistical Center for the TBI Model Systems, and one party submitted comments on the proposed priority for the National Data and Statistical Center for the SCI Model Systems. Because the proposed priorities for the two National

Data and Statistical Centers are identical for the SCI and TBI Model Systems Programs, NIDRR's responses to the comments received regarding each center are applicable to both priorities. Priority 2--National Data and Statistical Center for the TBI Model Systems and Priority 3--National Data and Statistical Center for the SCI Model Systems

Scope of Work

Comment: One commenter asked whether NIDRR expected the National Data and Statistical Centers to engage in dissemination activities on behalf of their respective Model Systems Programs.

Discussion: While past priorities for the National Data and

Statistical Center for the TBI Model Systems have required dissemination activities, the current priorities for the National Data and Statistical Centers do not require the centers to engage in dissemination activities. NIDRR expects that its proposed Model Systems Knowledge Translation Center (MSKTC) (see proposed Priority 6 in the NPP) will fulfill this important responsibility. While the National Data and Statistical Centers are not expected to engage in dissemination activities themselves, they are expected to support the dissemination activities of the MSKTC. This support could involve, for instance, supplying data or consulting on dissemination strategies.

Changes: Paragraph (f) of each National Data and Statistical Center priority has been changed to clarify that grantees are required to coordinate with the MSKTC in addition to the National Traumatic Brain Injury Model Systems Data Center and the National Burn Model Systems Data Center in order to improve the quality and efficiency of the SCI Model Systems Database operations.

Comment: One commenter asked whether NIDRR expects or plans to encourage the National Data and Statistical Centers to lead their respective Model Systems Programs in new research projects.

Discussion: While past priorities for the National Data and Statistical Center for the SCI Model Systems have required that the center have a capacity to conduct original

research, the current priorities for the National Data and Statistical Centers only require applicants to contribute to the outcome of rigorous research within their respective Model Systems Program by “making statistical and other methodological consultation available for research projects that use the SCI Model Systems Database, as well as center-specific and collaborative projects.” That said, nothing in the priorities would prohibit the centers from participating in research projects to the extent the projects use data collected under the guidance of the centers.

Changes: None.

Continuity of Longitudinal Databases

Comment: One commenter noted that applicants for the National Data and Statistical Center for the SCI Model Systems should be able to propose working with any former SCI Model Systems center--not just those Model Systems centers that were funded by NIDRR in the most recent five-year cycle--in order to enhance the continuity of the SCI Model Systems Database (see paragraph (e) in the proposed priority).

Discussion: NIDRR agrees that applicants should be allowed greater flexibility in collecting follow-up data from individuals who were once enrolled by centers that no longer receive Model Systems program funding. This flexibility is necessary because the task is complex, and there is likely more than one way to carry out this activity.

Changes: Paragraph (e) of each National Data and Statistical Center priority has been changed to clarify that applicants may propose to collaborate with up to four Model Systems centers that were formerly funded by NIDRR but are not receiving current Model Systems Program funding to enhance the continuity of the Model Systems databases.

Comment: Three commenters asked NIDRR to clarify the financial mechanism by which continued collection of data from former Model Systems centers would be achieved.

Discussion: NIDRR will not provide funds directly to former Model Systems centers for the purpose of longitudinal data collection. Applicants for the National Data and Statistical centers must describe in their applications how they propose to work with former Model Systems centers toward the outcome of enhanced continuity of the Model Systems databases. This work could include, for instance, subcontracting with former Model Systems centers.

Changes: None.

Comment: Three commenters asked for clarification on how the National Data and Statistical Centers should budget and plan for the continued collection of data from Model Systems centers that do not receive funding during the National Data and Statistical Centers' grant cycle. These commenters noted that the size of the Model Systems database samples from Model Systems centers formerly funded by NIDRR will not be known until funding decisions for the Model Systems centers have been made in the future.

Discussion: NIDRR's priorities for the National Data and Statistical Centers do not require applicants to collect longitudinal data from every database participant enrolled by former Model Systems centers. This flexibility allows applicants to propose to use a sampling technique to follow a specific number of database participants from formerly funded centers. It is the applicant's responsibility to propose methods to optimize the continuity of their respective Model Systems database, given the resources that are made available through the National Data and Statistical Center grant.

Changes: None.

Note: This notice does not solicit applications. In any year in which we choose to use these proposed priorities, we invite applications through a notice in the Federal Register. When inviting applications we designate the priorities as absolute, competitive preference, or invitational. The effect of each type of priority follows:

Absolute priority: Under an absolute priority, we consider only applications that meet the priority (34 CFR 75.105(c)(3)).

Competitive preference priority: Under a competitive preference priority, we give competitive preference to an application by either (1) awarding additional points, depending on how well or the extent to which the application meets the competitive preference priority (34 CFR 75.105(c)(2)(i)); or (2) selecting an application that meets the competitive preference priority over an application of comparable merit that does not meet the priority (34 CFR 75.105(c)(2)(ii)).

Invitational priority: Under an invitational priority, we are particularly interested in applications that meet the invitational priority. However, we do not give an application that meets the invitational priority a competitive or absolute preference over other applications (34 CFR 75.105(c)(1)).

Note: This NFP is in concert with President George W. Bush's New Freedom Initiative (NFI) and NIDRR's Final Long-Range Plan for FY 2005-2009 (Plan). The NFI can be accessed on the Internet at the following site:

<http://www.whitehouse.gov/infocus/newfreedom>.

The Plan, which was published in the Federal Register on February 15, 2006 (71 FR 8165), can be accessed on the Internet at the following site:

<http://www.ed.gov/about/offices/list/osers/nidrr/policy.html>.

Through the implementation of the NFI and the Plan, NIDRR seeks to--(1) Improve the quality and utility of disability and rehabilitation research; (2) Foster an exchange of expertise, information, and training to facilitate the advancement of knowledge and understanding of the unique needs of traditionally underserved populations; (3) Determine best strategies and programs to improve rehabilitation outcomes for underserved populations; (4) Identify research gaps; (5) Identify mechanisms of integrating research and practice; and (6) Disseminate findings.

Priorities

Priority 1--General Disability and Rehabilitation Research Projects (DRRP)

Requirements

To meet this priority, the Disability and Rehabilitation Research Projects (DRRP) must—

- (a) Coordinate on research projects of mutual interest with relevant NIDRR-funded projects, as identified through consultation with the NIDRR project officer;
- (b) Involve individuals with disabilities in planning and implementing the DRRP's research, training, and dissemination activities, and in evaluating its work; and
- (c) Identify anticipated outcomes (i.e., advances in knowledge or changes and improvements in policy, practice, behavior, and system capacity) that are linked to the applicant's stated grant objectives.

Priority 2--National Data and Statistical Center for the Spinal Cord Injury (SCI)

Model Systems

Priority: The Assistant Secretary for Special Education and Rehabilitative Services establishes a priority for the funding of a National SCI Model Systems Data Center that advances medical rehabilitation by increasing the rigor and efficiency of scientific efforts to longitudinally assess the experience of individuals with SCI. To meet this priority, the National SCI Model Systems Data Center's research and technical assistance must be designed to contribute to the following outcomes:

- (a) Maintenance of a national longitudinal database for data submitted by each of the SCI Model Systems Centers (SCI Model Systems Database). This database must provide for confidentiality, quality control, and data-retrieval capabilities, using cost-effective and user-friendly technology.
- (b) High-quality, reliable data in the SCI Model Systems Database. The National SCI Model Systems Data Center must contribute to this outcome by providing training and technical assistance to SCI Model Systems Centers on subject retention and data

collection procedures, data entry methods, and appropriate use of study instruments, and by monitoring the quality of the data submitted by the SCI Model Systems Centers.

(c) High-quality data collected from database participants of all racial/ethnic backgrounds. The National SCI Model Systems Data Center must contribute to this outcome by providing knowledge, training, and technical assistance to the SCI Model Systems Centers on culturally appropriate methods of longitudinal data collection and participant retention.

(d) Rigorous research conducted by SCI Model Systems Centers and all investigators who are analyzing data from the SCI Model Systems Database. The National SCI Model Systems Data Center must contribute to this outcome by making statistical and other methodological consultation available for research projects that use the SCI Model Systems Database, as well as center-specific and collaborative projects of the SCI Model Systems Program.

(e) Enhanced continuity of the SCI Model Systems Database. The National SCI Model Systems Data Center must contribute to this outcome by establishing and implementing a mechanism for continued collection of follow-up data from individuals who were enrolled by SCI Model Systems Centers that no longer receive Model Systems Program funding. This mechanism must focus on continued collection of data from up to four SCI Model Systems Centers that were previously funded, but that have not received subsequent funding under the Model Systems Program.

(f) Improved quality and efficiency of the SCI Model Systems Database operations through collaboration with the National Traumatic Brain Injury Model Systems Data Center, the National Burn Model Systems Data Center, and the Model Systems Knowledge Translation Center (MSKTC).

Priority 3--National Data and Statistical Center for the Traumatic Brain Injury (TBI) Model Systems

Priority: The Assistant Secretary for Special Education and Rehabilitative Services establishes a priority for the funding of a National TBI Model Systems Data Center that

advances medical rehabilitation by increasing the rigor and efficiency of scientific efforts to longitudinally assess the experience of individuals with TBI. To meet this priority, the National TBI Model Systems Data Center's research and technical assistance must be designed to contribute to the following outcomes:

(a) Maintenance of a national longitudinal database for data submitted by each of the TBI Model Systems Centers (TBI Model Systems Database). This database must provide for confidentiality, quality control, and data-retrieval capabilities, using cost-effective and user-friendly technology.

(b) High-quality, reliable data in the TBI Model Systems Database. The National TBI Model Systems Data Center must contribute to this outcome by providing training and technical assistance to TBI Model Systems Centers on subject retention and data collection procedures, data entry methods, and appropriate use of study instruments, and by monitoring the quality of the data submitted by the TBI Model Systems Centers.

(c) High-quality data collected from database participants of all racial/ethnic backgrounds. The National TBI Model Systems Data Center must contribute to this outcome by providing knowledge, training, and technical assistance to the TBI Model Systems Centers on culturally appropriate methods of longitudinal data collection and participant retention.

(d) Rigorous research conducted by TBI Model Systems Centers and all investigators who are analyzing data from the TBI Model Systems Database. The National TBI Model Systems Data Center must contribute to this outcome by making statistical and other methodological consultation available for research projects that use the TBI Model Systems Database, as well as center-specific and collaborative projects of the TBI Model Systems Program.

(e) Enhanced continuity of the TBI Model Systems Database. The National TBI Model Systems Data Center must contribute to this outcome by establishing and implementing a mechanism for continued collection of follow-up data from individuals who were enrolled by TBI Model Systems Centers that no longer receive Model Systems Program

funding. This mechanism must focus on continued collection of data from up to four TBI Model Systems Centers that were previously funded, but that have not received subsequent funding under the Model Systems Program.

(f) Improved quality and efficiency of the TBI Model Systems

Database operations through collaboration with the National Spinal Cord Injury Model Systems Data Center, the National Burn Model Systems Data Center, and the Model Systems Knowledge Translation Center (MSKTC).

Executive Order 12866

This NFP has been reviewed in accordance with Executive Order 12866. Under the terms of the order, we have assessed the potential costs and benefits of this regulatory action.

The potential costs associated with the NFP are those resulting from statutory requirements and those we have determined as necessary for administering this program effectively and efficiently. In assessing the potential costs and benefits--both quantitative and qualitative--of this NFP, we have determined that the benefits of the final priorities justify the costs.

Summary of potential costs and benefits: The potential costs associated with these final priorities are minimal while the benefits are significant. Grantees may incur some costs associated with completing the application process in terms of staff time, copying, and mailing or delivery. The use of e-Application technology reduces mailing and copying costs significantly.

The benefits of the Disability and Rehabilitation Research Projects and Centers Programs have been well established over the years in that similar projects have been completed successfully. These final priorities will generate new knowledge and technologies through research, development, dissemination, utilization, and technical assistance projects.

Another benefit of these final priorities is that the establishment of new DRRPs will support the President's NFI and improve the lives of persons with disabilities. The new DRRPs will generate, disseminate, and promote the use of new information that will improve the options for individuals with disabilities.

Applicable Program Regulations: 34 CFR part 350.

(Catalog of Federal Domestic Assistance Number 84.133A, Disability Rehabilitation Research Projects)

Program Authority: 29 U.S.C. 762(g) and 764(a).

Dated: April 25, 2006.

John H. Hager,

Assistant Secretary for Special Education
and Rehabilitative Services.

SECTION D

BACKGROUND STATEMENT

From the notice of proposed priorities (NPP) for NIDRR's Disability and Rehabilitation Research Projects and Centers Program in the *Federal Register* on February 7, 2006.

Background

It is estimated that at least 5.3 million Americans are living with disability as a result of traumatic brain injury (TBI). Approximately 1.4 million Americans sustain a TBI each year, and 230,000 of these injuries lead to hospitalization (Traumatic Brain Injury: Facts and Figures, 2005).

NIDRR supports a variety of research projects that focus on the wide range of needs of individuals with TBI. These projects include the TBI Model Systems Centers funded through NIDRR's Model Systems Program. The TBI Model Systems Centers establish and carry out innovative projects for the delivery, demonstration, and evaluation of comprehensive medical, vocational, and other rehabilitation services to meet the wide range of needs of individuals with TBI.

The TBI Model Systems Centers have developed a national, longitudinal database of information about the characteristics and life course of individuals with TBI (TBI Model Systems Database). The TBI Model Systems Database also can be used to examine specific outcomes of TBI. NIDRR seeks to continue and build upon this important source of data by funding a National Data and Statistical Center for the TBI Model Systems (National TBI Model Systems Data Center) that will maintain the TBI Model Systems Database and improve the quality of information that is entered into it.

The TBI Model Systems Database is a collaborative project in which all of the TBI Model Systems Centers participate. The data for the TBI Model Systems Database are collected by the TBI Model Systems Centers. The Directors of the TBI Model Systems Centers, in consultation with NIDRR, determine the parameters of the TBI Model Systems Database, including the number and type of variables to be examined, and the criteria for including TBI Model Systems patients in the database.

To maximize the external validity of findings from the TBI Model Systems Database, the TBI Model Systems Centers must achieve and maintain high rates of retention and successful follow-up with database participants. Accordingly, the central role of the National TBI Model Systems Data Center will be to work with TBI Model Systems Centers to increase follow-up rates and ensure data quality.

The TBI Model Systems Database contains a disproportional number of participants from minority backgrounds, relative to the general population (Burnett et al. 2003). The disproportional representation of racial/ethnic minorities reflects the urban location of many of the TBI Model Systems Centers. The racial/ethnic diversity of the TBI Model Systems population creates a vital technical assistance role for the National TBI Model Systems Data Center. The National TBI Model Systems Data Center will work with the TBI Model Systems Centers to ensure that the data collected from these populations

are of high quality and that the data collection procedures used reflect sufficient knowledge about the cultural backgrounds of patient populations and research participants.

SECTION E

GENERAL REQUIREMENTS OF DRRPs

GENERAL DISABILITY AND REHABILITATION RESEARCH PROJECTS (DRRP) REQUIREMENTS

BACKGROUND:

NIDRR proposes the following General DRRP Requirements priority because it believes that the effectiveness of any DRRP (including any DBTAC) depends on, among other things, how well the DRRP coordinates its research efforts with the research of other NIDRR-funded projects, involves individuals with disabilities in its activities, and identifies specific anticipated outcomes that are linked to its objectives in applying for DRRP funding. Accordingly, NIDRR intends to use the General DRRP Requirements in conjunction with all of the other DRRP priorities NIDRR proposes.

PRIORITY:

To meet this priority, the Disability and Rehabilitation Research Projects (DRRP) must—

- (a) Coordinate on research projects of mutual interest with relevant NIDRR-funded projects, as identified through consultation with the NIDRR project officer;
- (b) Involve individuals with disabilities in planning and implementing the DRRP's research, training, and dissemination activities, and in evaluating its work; and
- (c) Identify anticipated outcomes (i.e., advances in knowledge or changes and improvements in policy, practice, behavior, and system capacity) that are linked to the applicant's stated grant objectives.

SECTION F

SELECTION CRITERIA

SELECTION CRITERIA

The Secretary uses the following criteria to evaluate an application for the National Data and Statistical Center for the SCI Model Systems and the National Data and Statistical Center for the TBI Model Systems

(a) Responsiveness to an absolute or competitive priority (15 points total)

- (1) The Secretary considers the responsiveness of the application to the absolute or competitive priority published in the Federal Register.
- (2) In determining the responsiveness of the application to the absolute or competitive priority, the Secretary considers the following factors:
 - (i) The extent to which the applicant addresses all requirements of the absolute or competitive priority.
 - (ii) The extent to which the applicant's proposed activities are likely to achieve the purposes of the absolute or competitive priority.

(b) Quality of the project design (40 points total)

- (1) The Secretary considers the quality of the design of the proposed project.
- (2) In determining the quality of the design of the proposed project, the Secretary considers one or more of the following factors:
 - (i) The extent to which the goals, objectives, and outcomes to be achieved by the proposed project are clearly specified and measurable.
 - (ii) The quality of the methodology to be employed in the proposed project.
 - (iii) The extent to which the design of the proposed project is appropriate to, and will successfully address, the needs of the target population or other identified needs.
 - (iv) The extent to which the proposed development efforts include adequate quality controls and, as appropriate, repeated testing of products.
 - (v) The extent to which the proposed project will be coordinated with similar or related efforts, and with other appropriate community, State, and Federal resources.

(c) Training (10 points total)

- (1) The Secretary considers the extent to which the design of training activities is likely to be effective in accomplishing the objectives of the project.
- (2) In determining the extent to which the design is likely to be effective in accomplishing the objectives of the project, the Secretary considers one or more of the following factors:
 - (i) The extent to which the proposed training materials are likely to be effective, including consideration of their quality, clarity, and variety.
 - (ii) The extent to which the proposed training methods are of sufficient quality, intensity, and duration.

(d) Technical Assistance**(10 points total)**

- (1) The Secretary considers the extent to which the design of technical assistance activities is likely to be effective in accomplishing the objectives of the project.
- (2) In determining the extent to which the design is likely to be effective in accomplishing the objectives of the project, the Secretary considers one or more of the following factors:
 - (i) The extent to which the methods for providing technical assistance are of sufficient quality, intensity, and duration.
 - (ii) The extent to which the technical assistance is appropriate to the target population, including consideration of the knowledge level of the target population, needs of the target population, and format for providing information.

(e) Plan of evaluation**(10 points total)**

- (1) The Secretary considers the quality of the plan of evaluation.
- (2) In determining the quality of the plan of evaluation, the Secretary considers the following factors:
 - (i) The extent to which the plan of evaluation provides for periodic assessment of progress toward--
 - (A) Implementing the plan of operation; and
 - (B) Achieving the project's intended outcomes and expected impacts.
 - (ii) The extent to which the plan of evaluation provides for periodic assessment of a project's progress that is based on identified performance measures that--
 - (A) Are clearly related to the intended outcomes of the project and expected impacts on the target population; and
 - (B) Are objective, and quantifiable or qualitative, as appropriate.

(f) Project staff**(10 points total)**

- (1) The Secretary considers the quality of the project staff.
- (2) In determining the quality of the project staff, the Secretary considers the extent to which the applicant encourages applications for employment from persons who are members of groups that have traditionally been underrepresented based on race, color, national origin, gender, age, or disability.
- (3) In addition, the Secretary considers the following factors:
 - (i) The extent to which the key personnel and other key staff have appropriate training and experience in disciplines required to conduct all proposed activities.
 - (ii) The extent to which the commitment of staff time is adequate to accomplish all the proposed activities of the project.
 - (iii) The extent to which the key personnel are knowledgeable about the methodology and literature of pertinent subject areas.

(g) Adequacy and reasonableness of the budget

(5 points total)

- (1) The Secretary considers the adequacy and the reasonableness of the proposed budget.
- (2) In determining the adequacy and the reasonableness of the proposed budget, the Secretary considers the following factors:
 - (i) The extent to which the costs are reasonable in relation to the proposed project activities.
 - (ii) The extent to which the budget for the project, including any subcontracts, is adequately justified to support the proposed project activities.

SECTION G

PROTECTION OF HUMAN SUBJECTS

PROTECTION OF HUMAN SUBJECTS

Research activities involving human subjects supported by awards under these programs are subject to Department of Education Regulations for the Protection of Human Subjects. You do **not** need an assurance or IRB approval as a condition of applying for this competition.

If you marked "Yes" for Item 3 of Department of Education Supplemental Information for SF 424, you must provide a human subjects "exempt research" or "nonexempt research" narrative. Insert the narrative(s) in the space provided. If you have multiple projects and need to provide more than one narrative, be sure to label each set of responses as to the project they address.

A. Exempt Research Narrative.

If you marked "Yes" for item 3 a. and designated exemption numbers(s), provide the "exempt research" narrative. The narrative must contain sufficient information about the involvement of human subjects in the proposed research to allow a determination by ED that the designated exemption(s) are appropriate. The narrative must be succinct. In addition, narratives are required for each participating partner if research is being conducted at other sites.

B. Nonexempt Research Narrative.

If you marked "No" for item 3 a. you must provide the "nonexempt research" narrative. The narrative must address the seven points. Although no specific page limitation applies to this section of the application, be succinct.

Copies of the Department of Education regulations for the Protection of Human Subjects as well as other documents are available on the website below. For more information call (202) 260-3353 or go on-line the Protection of Human Subjects in research Web Site:

<http://www.ed.gov/about/offices/list/ocfo/humansub.html>

SECTION H

APPLICATION FORMAT

APPLICATION FORMAT (GRANTS.GOV)

Applications for grants under this program must be submitted electronically using the Grants.gov Apply site (grants.gov) by the closing date of **March 07, 2011**.

It is recommended that your electronic application (or paper application if you have requested and been approved for a waiver), be organized in the following manner and include the following:

NOTE: You will be uploading sections of your application by heading. There is a heading for:

- (1) abstract;
- (2) table of contents;
- (3) project narrative;
- (4) other – resumes;
- (5) other – letters of commitment/support;
- (6) other and
- (7) budget narrative/justification.

There is a file-size limitation to each section and you may only upload one document under each heading. Therefore, in order to make sure that all of your materials are uploaded successfully, you will need to combine multiple original documents for a heading (e.g., letters, resumes) into a single document before uploading.

1. Application for Federal Education Assistance (Form SF 424)

- This application cover sheet requires basic identifying information about the applicant and the application.
- Applicants should clearly indicate the CFDA number of the program **84.133A-X** in block 11. If this information is not provided, your application may be assigned and reviewed under a different program. For electronic submissions, you must download the correct application package from grants.gov.
- Applicants must fill in block 12, Funding Opportunity Number/Priority Title. ED-GRANTS-XXXX/Title or the CFDA number.
- Applicants should note that there are multiple DRRPs open and use the **RELEVANT** CFDA Title from the NFP/NIA as the title.

2. Table of Contents

- The Table of Contents shows where and how the important sections of your proposal are organized.
- While the application will be submitted electronically, the reviewers will use printed copies during the review process. The Table of Contents will assist them in more efficiently and effectively evaluating your application.

- Use the Table of Content heading to upload your document.

3. Project Abstract

- The ONE-PAGE abstract should be a comprehensive description of what the whole (all years) project is, not a description of the competency of the institution or project director. It is not an executive summary. It can be single or double-spaced.
- Use the Abstract heading to upload your document.

4. Budget Form and Information (ED 524)

- Remember that you must provide complete budget information for each year of the proposed project. Use the Budget Narrative/Justification heading to upload.
- Please report on any Federal and Non-Federal funds that will be used.
- Specific instructions for completing the budget forms are provided within this application package.

Name: Enter the Name of the applicant organization(s) or institution(s) in the space provided.

Personnel (Line 1): Enter project personnel salaries and wages only. Include fees and expenses for consultants on line 6.

Fringe Benefits (Line 2): The institution's normal fringe benefits contribution may be charged to the program. Leave this line blank if fringe benefits applicable to direct salaries and wages are treated as part of the indirect cost.

Travel (Line 3): Indicate the travel costs of employees and participants only. Include travel of persons such as consultants and trainees on line 6.

Equipment (Line 4): Indicate the cost of tangible, non-expendable personal property that has a usefulness greater than one year and acquisition costs that are the lesser of the capitalization level established by the applicant entity for financial statement purposes or \$5,000 per article. Lower limits may be established to maintain consistency with the applicant's policy.

Supplies (line 5): Show all tangible personal property except that on line 4.

Contractual (line 6): The contractual category should include all costs specifically incurred with actions that the applicant takes in conjunction with an established internal procurement system. Include consultant fees, expenses, and travel costs in this category if the consultant's services are obtained through a written binding agreement or contract.

Construction (line 7): Not applicable.

Other (line 8): Indicate all direct costs not covered on lines 1-6. For example, include costs such as space rental, required fees, honoraria and travel

(where a contract is not in place for services), stipends, training, and communication and printing costs.

Total Direct Costs (line 9): The sum of lines 1-8.

Indirect Costs (line 10): There is no restricted indirect cost rate for this program. Use your institution's Federally negotiated rate.

Training Stipends (line 11): There are three types of projects that might include budget requests for stipends, tuition allowance, or other types of similar charges to support the objectives of the project:

- ☐ Fellowship or Scholarship Programs
- ☐ Educational Training Projects
- ☐ Projects where students receive tuition remission or other forms of compensation, as, or in lieu of wages.

Total Cost (line 12): This should equal to sum of lines 9-11 (total direct costs + indirect + stipends). The sum for column one, labeled *Project Year 1 (a)*, should also be equal to item 18a on the application cover sheet (SF Form 424).

Cost Share or Matching: Please include this information on the ED Form 524, Section B – Budget Summary, Non-Federal Funds – Tab 2 and in your budget narrative.

5. Budget Narrative

- This part requires an itemized budget breakdown for the project year and the basis for estimating the costs of personnel salaries, benefits, project staff travel, materials and supplies, consultants and subcontracts, indirect costs and any other projected expenditures.
- Address Cost Share or Matching in a separate section of the budget narrative labeled "Cost Share or Matching".
- Please provide an itemized budget breakdown for each project year.
- Descriptions of purchases may be included but is not required.

Use the Budget Narrative/Justification heading to upload your document.

6. Project Narrative

- The application narrative responds to the Statutory, Regulatory and General RRTC Requirements found in Section E and Selection Criteria found in Section F of this application package. The reviewers will use this section to evaluate your application.
- Applying through grants.gov use the Project Narrative selection criteria categories to attach your narrative.

Each applicant is encouraged to limit the project narrative to the equivalent of no more than 125 pages, using the following standards:

- A “page” is 8.5" x 11", on one side only, with 1" margins at the top, bottom, and both sides.
- Double-space (no more than three lines per vertical inch) all text in the application narrative. Single spacing may be used for titles, headings, footnotes, quotations, references, and captions, as well as all text in charts, tables, figures, and graphs.
- Use a font that is either 12 point or larger or no smaller than 10 pitch (characters per inch).
- Begin numbering the first page in Arabic numerals (“1”) and number the pages consecutively throughout the document.
- Include all critical information in the program narrative, minimizing the need for additional appendices.
- Include a complete bibliography listing all materials that were referenced in the project narrative.
- Upload in one document under the Project Narrative heading using the correct document format.

NOTE: The page limit does not apply to the cover sheet; the budget section, including the narrative budget justification; the assurances and certifications; or the one page abstract, the resumes, the bibliography, or the letters of support. However, the recommended page limit does apply to all of the project narrative section.

7. Vitae/Bibliography/Letters of Support

- Vitae of staff or consultants should include the individual's title and role in the proposed project, and other information that is specifically pertinent to this proposed project. The budgets for all years should be included.
- Applying through grants.gov use the Other-Vitas category to attach your vitas.
- If collaboration with another organization is involved in the proposed activity, the application should include assurances of participation by the other parties, including written agreements or assurances of cooperation.

8 Assurances, Certifications, Disclosures

- Assurances - Non-Construction Programs; Certifications Regarding Lobbying form
- Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transaction; Disclosure of Lobbying Activities;

9 Reporting Requirements

At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial expenditure information as specified by the Secretary under 34. CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.72 (c). For specific requirements on reporting please go to http://www.ed.gov/fund/grant/apply/appforms/ed524b_instructions.pdf

NIDRR will provide the reporting information to the successful applicants.

SECTION I

FREQUENTLY ASKED QUESTIONS

**POINTS TO REMEMBER IN
APPLICATION PREPARATION**

DUNS NUMBER INSTRUCTIONS

FREQUENTLY ASKED QUESTIONS

1. CAN I GET AN EXTENSION OF THE DUE DATE?

In the case of most competitions the answer is no. On rare occasions the Department of Education may extend a closing date for all applicants. If that occurs, a notice of the revised due date is published in the Federal Register, this extension applies to all applications for a given competition. There are no extensions or exceptions to the due date made for individual applicants. Additionally, there are provisions for extension for Grants.gov, per the guidance included in the application package.

2. WHAT SHOULD BE INCLUDED IN THE APPLICATION?

The application should include a project narrative, vitae of key personnel, and a budget, as well as all other forms identified in this package. Vitae of staff or consultants should include the individual's title and role in the proposed projects, and other information that is specifically pertinent to this proposed project. The budgets for all years, including a detailed budget narrative, should be included. The 133F (Research Fellowship) is the exemption to the required budget. If collaboration with another organization or individual is involved in any proposed activity, the application should include assurances of participation by the other parties, including written agreements or letters of cooperation. It is not useful to include general letters of support or endorsement in the application. If the applicant proposes to use unique tests or other measurement instruments that are not widely known in the field, it would be helpful to include the instrument in the application. Many applications contain voluminous appendices that are not helpful and in many cases cannot even be mailed to the reviewers. It is generally not helpful to include such things as brochures, general capability statements of collaborating organizations, maps, copies of publications, or descriptions of other projects completed by the applicant.

3. WHAT FORMAT SHOULD BE USED FOR THE APPLICATION?

NIDRR generally advises applicants to organize the application to follow the selection criteria that will be used. The project narrative should address the specific selection criteria for the competition. The specific review criteria vary according to the specific programs and are contained in this application package. Additionally, applicants should provide clearly stated hypotheses, goals, objectives, expected outcomes, and public benefit of the research or development project. The application should be organized to provide a thorough description of the methods and target population(s) and supported by evidence of need for the project, as identified in the relevant literature; citations are useful and may strengthen the proposal. Specific information on the format can be found in the application format section of this application package.

4. ARE THERE PAGE LIMITS TO MY APPLICATION?

NIDRR has two competitions with mandatory page limitations, Research Fellowships (133F) and Small Business Innovative Research (133S). All other competitions will suggest page limitations for the narrative sections of the proposal. The application narrative is where you, the applicant, address the selection criteria that reviewers use to evaluate your application. The Notice Inviting Applications will describe the mandatory or suggested limitations, such as page size, spacing, and font size. The suggested page limit does not apply to the cover sheet; the human subjects narrative; the budget narrative; the assurances and certifications; or the one-page abstract, the resumes, the bibliography, or the letters of support. However, you must include all pertinent information in the application narrative.

5. MAY I SUBMIT APPLICATIONS TO MORE THAN ONE OPEN NIDRR PROGRAM COMPETITION AT A TIME OR MORE THAN ONE APPLICATION TO A PARTICULAR PROGRAM COMPETITION?

Yes. You may submit more than one application in any given competition. You may submit to as many open competitions, for which an application is responsive to the program requirements. However, each competition is unique and the selection criteria will vary from one competition to another. It is important that each separate application include the required materials for that particular competition.

6. DO I NEED AN ABSTRACT AND WHAT SHOULD IT INCLUDE?

Yes. The abstract is used by both the peer reviewers and the program staff in the review and processing of the application. The ONE-PAGE abstract should be a comprehensive description of the project (all years), not a description of the competency of the institution or project director. It is not an executive summary. It can be single or double-spaced. If applying through Grants.gov, use the ED Abstract form to attach your abstract or the abstract section in Grants.gov.

7. WHAT IS THE ALLOWABLE INDIRECT COST RATE?

The limits on indirect costs vary according to the program. NIDRR currently has two programs with a restricted indirect cost rate. An applicant for a Rehabilitation Research and Training Center (133B) program may not collect more than 15% of the total grant award as indirect cost charges. An applicant for Advanced Rehabilitation Research Training project (133P) is limited to a training grant indirect rate of 8%, less tuition, stipend, and fees. The 133F, Research Fellowships does not submit a budget or use an indirect cost rate for submission. For all other programs, Disability Rehabilitation Research Projects (133A), Rehabilitation Engineering Research Centers (133E), Field Initiated projects (133G), and the Spinal Cord Injury Model Systems (133N), applicants must either have a current indirect cost rate agreement to charge indirect costs or if an applicant does not have a federally negotiated rate they can charge up to 10% of direct

salaries and benefits as indirect costs until a negotiated indirect cost rate is approved. A new applicant using the 10% must submit their proposed rate to the Department's Indirect Cost office within 90 days. The maximum amount of the award includes both direct and indirect costs. The Department's Indirect Cost office has more information on indirect cost rates, see <http://www2.ed.gov/about/offices/list/ocfo/fipao/abouticg.html>

8. CAN PROFIT MAKING BUSINESSES APPLY FOR GRANTS?

Yes; however, for-profit organizations will not be able to collect a fee or profit on the grant. It varies by program.

9. CAN INDIVIDUALS APPLY FOR GRANTS?

Individuals are not eligible to apply for most grant competitions under NIDRR programs (133A, B, E, G, P, or N). The one exception is the Research Fellowship program (84.133F), which is available only to individuals. The Merit Fellowships and Distinguished Fellowships awards are one Full Time Equivalent (FTE) awards. The Fellow must work principally on the fellowship during the term of the fellowship award. We define one FTE as equal to 40 hours per week. No Fellow is allowed to be a direct recipient of Federal government grant funds in addition to those provided by the Switzer Fellowship (during the duration of the Fellowship award performance period). Fellows may, subject to compliance with their institution's policy on additional employment, work on a Federal grant that has been awarded to the Fellow's institution. Fellows may, subject to compliance with their institution's policy on additional employment, work additional hours at their institution. Additional work that is not monitored by the Fellow's institution is subject to NIDRR's limits regarding the number of additional hours permitted. Please contact NIDRR if the latter situation applies.

10. CAN NIDRR STAFF ADVISE ME WHETHER MY PROJECT IS OF INTEREST TO NIDRR OR LIKELY TO BE FUNDED?

No. NIDRR staff can only advise you of the requirements of the program in which you propose to submit your application. However, staff cannot advise you of whether your subject area or proposed approach is likely to receive approval.

11. HOW DO I ENSURE THAT MY APPLICATION WILL BE REVIEWED UNDER THE CORRECT COMPETITION?

Applicants should be sure that their applications are referred to the correct competition by clearly including the competition title and CFDA number, including alphabetical code, on the Standard Form 424, and include a project title that describes the project, based on the competition. If reapplying for the Field Initiated (133G), you should identify if the application is a resubmittal from a previous fiscal year.

12. HOW SOON AFTER SUBMITTING MY APPLICATION CAN I FIND OUT IF IT WILL BE FUNDED?

The time from closing date to grant award date varies from program to program. Generally speaking, NIDRR endeavors to have awards made within six to seven months of the closing date. Unsuccessful applicants generally will be notified within that time frame as well. When NIDRR is able to release information on the status of grant applications, it will notify applicants by letter. The results of the peer review cannot be released except through this formal notification. This information is **not** posted on the NIDRR homepage or the Grants.gov or e-Application website.

13. WHAT START DATE SHOULD I USE ON MY APPLICATION?

For the purpose of estimating a project start date, the applicant should estimate approximately six to seven months from the closing date, preferably October 1. You must have a start date that allows you to complete an Annual Performance Report (APR) by May 31st with six month of activities to report on.

14. IF MY APPLICATION IS SUCCESSFUL, CAN I ASSUME I WILL GET THE REQUESTED BUDGET AMOUNT IN SUBSEQUENT YEARS?

No. Funding in subsequent years is subject to availability of funds and project performance.

15. WILL ALL APPROVED APPLICATIONS BE FUNDED?

No. Peer review panels can result in more applications being determined to be worthy of consideration for funding than available resources allow.. Unsuccessful applicants are encouraged to consider resubmitting applications in future competitions. Funded applications will be notified in the manner described in #12.

16. HOW DOES THE REPORTING REQUIREMENTS IN SUBSEQUENT YEARS IMPACT ON MY APPLICATION?

Successful applicants with multi-year grants must submit an Annual Performance Report (APR) demonstrating and documenting their progress in meeting approved project objectives and their success in addressing the performance measures outlined in the Notice Inviting Applications. Grantees must also provide the most current financial and performance measure data for each year of the project. Grantees will also be required to submit a final performance report, 90 days after the end of the project period. For NIDRR, the APR is submitted electronically via a web-based system. This system is maintained by a contractor and grantees are notified after receiving an award with the appropriate URL and personal password to access the system. The contractor will also send a letter to the grantee informing them when and how to submit their APR. The Department will use the applicant's performance data for program management

and administration, in such areas as determining new and continuation funding and planning technical assistance. Grantees are required to participate fully in any evaluation of the NIDRR program carried out by the Department of Education.

17. DO I HAVE TO INCLUDE COST SHARE/MATCHING IN MY APPLICATION?

NIDRR has cost share/matching requirements on two of its programs, the Disability Rehabilitation Research Projects (133A) and the Field Initiated program (133G) in accordance with statutory (29 USC 762), regulatory (34 CFR Section 350.52), and administrative requirements. This information should be reflected on the SF 424 #18. (B), the ED 524 form - Section B (Budget Summary Non-Federal Funds), and in the budget narrative for each year. A minimum amount of up to 1% of the total yearly budget amount is required; however, you may include more than 1%. If the cost share amount is changed for a competition, it will be announced in the Notice Inviting Applications. For more information, see EDGAR 74.23 and 84.24. If the cost share is voluntary, the amount and explanation should also be in the SF 424, ED 524, and the budget justification.

18. WHAT DO I NEED TO DO ABOUT HUMAN SUBJECTS PROTECTION IN MY RESEARCH?

If you are planning research involving human subjects at any time during the project period, you check “Yes” in the Human Subjects section of the ED supplement to the SF 424 form. If you checked “Yes,” you need to indicate whether the research is exempt or not exempt from the protection of human subjects requirements of EDGAR part 97 and if you have an IRB number. You will need to fill out the human subjects narrative for each site where the research is being conducted. The program and the Department’s human subjects staff review the applicant’s response against the application itself to determine its accuracy. They contact you for additional information or clarification, if needed. More information can be found in the instructions for the SF 424 form and in this application package in the Human Subjects section.

19. SHOULD I SUBMIT MY APPLICATION VIA GRANTS.GOV?

The Federal Government is moving towards mandatory electronic submission for its grant applications. The Notice Inviting Applications (NIA) provides information on how to submit via Grants.gov and the application package includes helpful tips. The NIA will also identify if paper submission is allowed. If you do submit by paper, include a disk copy of your application. **We strongly suggest:**

- (1) Read the Grants.gov instructions carefully;
- (2) Check with your organization or institution if they are already registered in Grants.gov; if not, **do not wait** to set up your account because it can take five or more days to register;

- (3) Review the form sections before sending the application to ensure that all information has been uploaded correctly and completely; and
- (4) Submit early; electronic applications must be uploaded on Grants.gov by 4:30:00 pm, Washington, D.C. time on the closing date and processed by Grants.gov successfully. Please allow several hours or a full day for this process; if there is a submission error, time will be needed to correct the error and resubmit to meet the deadline. Applications received/logged in after 4:30:00 pm (Washington, DC time) will not be reviewed.

POINTS TO REMEMBER IN APPLICATION PREPARATION

RELEVANT TO PROGRAM

1. **CFDA Number:**
In the title block on the SF 424 form, please note the appropriate CFDA 84.133A. For electronic submissions, you must download the correct application package from Grants.gov, ED Grants Funding Opportunity number or submit your application electronically through the grants.gov system www.grants.gov.
- 2.. **ED-GRANTS- XXXX (Priority Title).**
Required field on the SF 424 form for both Grants.gov and e-Application. Or use the CFDA Number
3. **Indirect Cost:**
There is no restricted indirect cost rate for the **133A**, 133E, 133G or 133N programs. You should use your federal negotiated indirect cost rate – see #7 FAQs. Indirect cost office:
<http://www.ed.gov/about/offices/list/ocfo/fipao/icgindex.html>.
4. **Application Narrative -**
Organize your narrative in accordance with the selection criteria in Section F of this package. Address all criteria. Include a table of contents in your application in order to highlight where the application narrative can be found in the application. If applying through Grants.gov use the Project Narrative form to attach your narrative. We recommend that you limit the application narrative to the equivalent of no more than 125 pages, using the following standards: A “page” is 8.5" x 11", on one side only, with 1" margins at the top, bottom, and both sides. Double-space (no more than three lines per vertical inch) all text in the application narrative. Single space may be used for Titles, headings, footnotes, quotations, references, and captions, as well as all text in charts, tables, figures, and graphs. Use a font that is either 12-point or larger or no smaller than 10-pitch (characters per inch).

CLOSING DATE/TRANSMITTAL OF APPLICATION

5. **Applications must be submitted electronically or postmarked by the closing date of March 07, 2011, if submitting in paper – you must have a waiver.**
Follow the transmittal instructions for submitting in paper or electronically found in Section J.
6. **You must submit your application electronically via Grants.gov.**
Your application must be uploaded into Grants.gov by 4:30:00 pm, Washington DC time on the closing date. Please allow several hours or a full day for this process; if there is a submission error, time will be needed to correct the error and resubmit to meet the deadline. For additional information on electronic submission procedures, see section J. A copy of your application should not be emailed directly to the Department.

FORMS

7. Only the primary institution fills out the required forms.

Any partner or collaborating groups will be a subcontractor to the primary. The only paperwork the subcontractor should complete is that required by the primary institution. You should include a letter of intent in the application from any collaborating group saying that if awarded what goals/duties they will be responsible for and the dollar amount associated with their involvement.

Application for Federal Assistance SF 424

8. Leave these blocks blank or enter N/A:

Block 4-Applicant Identifier, **block 5**-Applicant Identifier, **block 5a**- Federal Entity, **block 5b**- Federal Award Identifier, **block 6**-Date Received by State, and **block 7**,- State Application Number.

9. Legal Name:

Block 8a is for the name of institution or entity that will be responsible for this grant if funded. Applying electronically this will match with information in the registration.

10. DUNS number:

It is important to verify with your fiscal office the DUNS number, which goes in **block 8c** on the ED 424 form. If you do not have one, call 1-800-333-0505 to set one up. This number is required. Applying via electronically you must enter the DUNS number for your organization used when registering.

11. CFDA Number:

In **block 11**, please note the appropriate CFDA and title you are applying for.

12. Funding Opportunity Number/Priority Title.

In **block 12** this is a required field when using both Grants.gov and e-Application. Or use the CFDA Number.

13. Descriptive Title of Applicant's Project.

In **block 15**, this is the title given by the applicant. If applying to a specific priority topic – the title should be as close as possible.

14. Block #18a:

The total amount of Federal funds requested includes both direct and indirect costs for the first year only. The totals on the ED 524 form must include direct and indirect costs and no year can be over the maximum amount. (Note: 84.133F applicants do not submit the ED 524 form)

15. Block #18b:

The amount of cost share/matching that the applicant is providing. This amount should be on the "B" side of the ED 524 form and described in the budget narrative.

16. Block #18f:

The amount of program income that is estimated to be generated by this application if funded. It should be described in the budget narrative and does not

go on the ED 524 form. An example of program income would be registration fees for a conference. These will be used to off-set part of the cost of the conference.

17. EO 12372:

Mark Block #19, the EO 12372 as no and not covered. This program is not covered.

ED Supplemental Form

18. Project Director:

Block #1, Project director information. The Project Director is the primary person responsible for meeting the goals and objectives of the grant.

19. Novice applicant:

Block #2. Please mark N/A. This does not apply to NIDRR programs.

20. Human Subjects:

Block #3. You must include a separate 7-point narrative for each site where the research is being conducted. If you check “no”, please include a paragraph of why it is not required. IRB approval is not required at the time of award, but must be in place before research begins. The area to upload this information is available through this form.

ED 524

21. Budget Information:

BE SURE TO CHECK THE MATH - the application will not be reviewed if the request for funds on block 18a of the SF 424 form, the ED 524 form or the budget justification goes over the maximum amount for any year (total of direct and indirect costs). A detailed budget narrative is needed for each year of grant years requested. Include in the narrative/justification contract information and all mandatory and voluntary cost share from side B of the ED 524. (Note: 84.133F applicants do not submit a ED 524 form)

22. Costs associated with students, i.e., Post Docs that are excluded from the direct cost lines are not subject to the indirect costs if placed on Tuition/Stipend/Fee line. If the student costs (salary, fringe, tuition and fees, supplies, training and conference fees, etc.) are included in the direct cost amount they are subject to the appropriate indirect rate.

GRANTS.GOV AT <http://grants.gov> Information

23. We strongly suggest:

- (1) Read the instructions carefully;
- (2) Don't wait until close to the due date to set up your account - It can take several days to register;
- (3) Review the application before sending final version to ensure that all information has been uploaded correctly and completely; and
- (4) Submit early.

24. Electronic applications must be uploaded on Grants.gov by 4:30:00 pm, Washington, D.C. time on the closing date.
Please allow several hours or a full day for this process, if there is a submission error time will be needed to correct the error and resubmit to meet the deadline. For additional information on electronic submission procedures, see the transmittal section of the Notice Inviting Applications.
25. You will be uploading sections of your application by heading.
There is a heading for:
- (1) abstract;
 - (2) table of contents;
 - (3) project narrative;
 - (4) other – resumes;
 - (5) other – letters of commitment/support;
 - (6) other and
 - (7) budget narrative/justification.
- There is a file-size limitation to each section and you may only upload one document under each heading.
26. **Document Format:**
You must attach any narrative sections of your application as files in a .DOC (document), .RTF (rich text), or .PDF (Portable Document) format, if you upload a file type other than these three file types, such as Excel, or submit a password protected file, we will not review that material.
27. **UNSUBMIT:**
Please note that e-Applicaton **does** allow you to unsubmit your application if you find an error before the due date and time. You will have to select unsubmit then make your changes and select the Ready to Submit button again in order to complete the process.

ABSTRACT/NARRATIVE/APPENDICES

28. **Abstract:**
The ONE-PAGE abstract should be a comprehensive description of what the whole (all years) project is, not a description of the competency of the institution or project director. It is not an executive summary. It can be single or double-spaced. Applying through grants.gov use the Abstract heading to upload your abstract.
29. **Number all pages**
to make it easier for the reader to refer to a page number if comments are given (including the appendices).
30. **Vitae:**
Remember to include pertinent information in your narrative of the qualifications of the key personnel. A more extensive 2-4 page vitae can be included in the

appendices. Applying through Grants.gov use the Other – Resume heading to attach your vitas or in the other document section of Grants.gov. Remember only one document can be uploaded per heading.

31. Advisory Board:

We suggest that you limit your list of advisory board members in the application. You can give a description of the type/qualification of the person. Remember that an extensive listing of proposed names effects our peer reviewer selection. Applying through Grants.gov use the Other – Letters of Commitment/Support heading to up load your letters of commitment or in the other document section of Grants.gov.. Remember only one document can be uploaded per heading.

32. Letters of Commitment/Support:

If you have identified a partner, sub-contractor or consultant you should include a letter of commitment from them stating what they'll be doing on your project. We suggest that you only include key letters of support. Remember that letters of support diminish our peer reviewer pool. Applying through Grants.gov use the Other – Letters of Commitment/Support heading to up load your letters of commitment or in the other document section of Grants.gov. Remember only one document can be uploaded per heading.

33. Use Of Person Loading Charts.

It is important for applicants to include proposed time commitments for all project personnel. Also, program officials and applicants often find person loading charts useful formats for showing project personnel and their time commitments to individual activities. A personal loading chart is a tabular representation of major evaluation activities by number of days spent by each key person involved in each activity.

MISCELLANEOUS INFORMATION AND REMINDERS

34. Rehabilitation Act:

To find information on the Rehab Act of 1973, as amended, as well as other NIDRR policy & legislation, go to:

<http://www.ed.gov/about/offices/list/osers/nidrr/policy.html> and
<http://www.ed.gov/policy/speced/req/narrative.html?exp=0>

35. Help in Preparing Applications.

We are happy to provide general program information. Clearly it would not be appropriate for staff to participate in the actual writing of an application, but we can respond to specific questions about our application requirements and evaluation criteria, or about the announced priorities. Applicants should understand that such previous contact is not required, nor does it guarantee the success of an application.

36. Possibility Of Learning The Outcome Of Review Panels Prior To Official Notification.

Every year we are called by a number of applicants who have legitimate reasons for needing to know the outcome of the review prior to official notification. Some applicants need to make job decisions, some need to notify a partner, etc.

Regardless of the reason, we cannot share information about the review with anyone until the Assistant Secretary has approved a slate of projects recommended for funding. You will be notified as quickly as possible either by telephone (if your application is recommended for funding), or through a letter (if your application is not successful).

37. Return of Non-Funded Applications.

We do not return original copies of applications. Thus, applicants should retain at least one copy of the application. Copies of reviewer comments will be mailed to all applicants.

38. Successful Applications And Estimated/Projected Budget Amounts In Subsequent Years.

There is a maximum award amount specified for the priority/competitions included in this package. The Department rejects and does not consider an application that proposes a budget exceeding the maximum amount for any single budget period of 12 months for the priorities included in this package. Since the yearly budgets for multi-year projects will be negotiated at the time of the initial award, applicants must include detailed budgets for each year of their proposed project. Generally, out-year funding levels most likely will not exceed 1st year budgets. However, budget modifications during the negotiation process, the findings from the previous year, or needed changes in the study design can affect your budget requirements in subsequent years, but in no case will out-year budgets exceed the maximum award amount.

39. To see what NIDRR has funded or are currently funding, we have an on-line program directory at www.naric.com.

Once there - click on NIDRR. Under grantee resources click on search for other research projects. This will connect you to the program directory. Click on search all fields then type in **DRRP**. By clicking on a grant number you can see information on who has the grant, how to contact them and a brief description of their project. Instead of search all field you can select searching by project type – i.e., Disability Rehabilitation Research Projects.

DUNS NUMBER INSTRUCTIONS

Note: Check with your fiscal office to see if your institution has an assigned DUNS before contacting Dun & Bradstreet

D-U-N-S No.: Please provide the applicant's D-U-N-S Number. You can obtain your D-U-N-S Number at no charge by calling **1-800-234-3867** or by completing a D-U-N-S Number Request Form. The form can be obtained via the Internet at the following URL:

<http://fedgov.dnb.com/webform>

The D-U-N-S Number is a unique nine-digit number that does not convey any information about the recipient. A built in check digit helps assure the accuracy of the D-U-N-S Number. The ninth digit of each number is the check digit, which is mathematically related to the other digits. It lets computer systems determine if a D-U-N-S Number has been entered correctly.

Dun & Bradstreet, a global information services provider, has assigned D-U-N-S numbers to over 43 million companies worldwide. **Live help Monday-Friday 8am-6pm (EST) Dial 1.800.234.3867**

Note: Electronic submission via Grants.gov must use DUNS number your organization used when it registered in the Central Contractor Registry.

SECTION J

GRANTS.GOV SUBMISSION PROCEDURES AND TIPS FOR APPLICANTS

APPLICATION TRANSMITTAL INSTRUCTIONS

IMPORTANT – PLEASE READ FIRST

U.S. Department of Education

GRANTS.GOV SUBMISSION PROCEDURES AND TIPS FOR APPLICANTS - 2011

To facilitate your use of Grants.gov, this document includes important submission procedures you need to be aware of to ensure your application is received in a timely manner and accepted by the Department of Education.

ATTENTION

Applications submitted to Grants.gov for the Department of Education will be posted using Adobe forms. Therefore, applicants will need to download the latest version of Adobe reader (at least Adobe Reader 8.1.2). Information on computer and operating system compatibility with Adobe and links to download the latest version is available on Grants.gov. We strongly recommend that you review these details on www.Grants.gov before completing and submitting your application. In addition, applicants should submit their application a day or two in advance of the closing date as detailed below. Applicants will no longer need to use the PureEdge software to create or submit an application. If you have any questions regarding this matter please email the Grants.gov Contact Center at support@grants.gov or call 1-800-518-4726.

1. REGISTER EARLY

Grants.gov registration may take five or more business days to complete. You may begin working on your application while completing the registration process, but you cannot submit an application until all of the Registration steps are complete. For detailed information on the Registration Steps, please go to: http://www.grants.gov/applicants/get_registered.jsp. [Note: Your organization will need to update its Central Contractor Registry (CCR) registration annually.]

2. SUBMIT EARLY

We strongly recommend that you do not wait until the last day to submit your application. Grants.gov will put a date/time stamp on your application and then process it after it is fully uploaded. The time it takes to upload an application will vary depending on a number of factors including the size of the application and the speed of your Internet connection, and the time it takes Grants.gov to process the application will vary as well. If Grants.gov rejects your application (see step three below), you will need to resubmit successfully before 4:30:00 p.m. Washington, DC time on the deadline date.

Note: To submit successfully, you must provide the DUNS number on your application that was used when your organization registered with the CCR (Central Contractor Registry).

3. VERIFY SUBMISSION IS OK

You will want to verify that Grants.gov and the Department of Education receive your Grants.gov submission timely and that it was validated successfully. To see the

date/time your application was received, login to Grants.gov and click on the Track My Application link. For a successful submission, the date/time received should be earlier than 4:30:00 p.m. Washington, DC time, on the deadline date, AND the application status should be: Validated, Received by Agency, or Agency Tracking Number Assigned.

If the date/time received is later than 4:30:00 p.m. Washington, D.C. time, on the deadline date, your application is late. If your application has a status of “Received” it is still awaiting validation by Grants.gov. Once validation is complete, the status will either change to “Validated” or “Rejected with Errors.” If the status is “Rejected with Errors,” your application has not been received successfully. Some of the reasons Grants.gov may reject an application can be found on the Grants.gov site:

http://www.grants.gov/applicants/applicant_faqs.jsp#54. For more detailed information on why an application may be rejected, you can review Application Error Tips <http://www.grants.gov/section910/ApplicationErrorTips.pdf>. If you discover your application is late or has been rejected, please see the instructions below. Note: You will receive a series of confirmations both online and via e-mail about the status of your application. Please do not rely solely on e-mail to confirm whether your application has been received timely and validated successfully.

SUBMISSION PROBLEMS – WHAT SHOULD YOU DO?

If you have problems submitting to Grants.gov before the closing date, please contact Grants.gov Customer Support at 1-800-518-4726 or <http://www.grants.gov/contactus/contactus.jsp>, or use the customer support available on the Web site: http://www.grants.gov/applicants/applicant_help.jsp.

If electronic submission is optional and you have problems that you are unable to resolve before the deadline date and time for electronic applications, please follow the transmittal instructions for hard copy applications in the Federal Register notice and get a hard copy application postmarked by midnight on the deadline date.

If electronic submission is required, you must submit an electronic application before 4:30:00 p.m., unless you follow the procedures in the Federal Register notice and qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. (See the Federal Register notice for detailed instructions.)

HELPFUL HINTS WHEN WORKING WITH GRANTS.GOV

Please note, once you download an application from Grants.gov, you will be working offline and saving data on your computer. Please be sure to note where you are saving the Grants.gov file on your computer. You will need to logon to Grants.gov to upload and submit the application. **You must provide on your application the DUNS number that was used when your organization registered with the CCR.**

Please go to http://www.grants.gov/applicants/applicant_help.jsp for help with Grants.gov. For additional tips related to submitting grant applications, please refer to

the Grants.gov Submit Application FAQs found on the Grants.gov http://www.grants.gov/help/submit_application_faqs.jsp.

DIAL-UP INTERNET CONNECTIONS

When using a dial up connection to upload and submit your application, it can take significantly longer than when you are connected to the Internet with a high-speed connection, e.g. cable modem/DSL/T1. While times will vary depending upon the size of your application, it can take a few minutes to a few hours to complete your grant submission using a dial up connection. If you do not have access to a high-speed connection and electronic submission is required, you may want to consider following the instructions in the Federal Register notice to obtain an exception to the electronic submission requirement no later than two weeks before the application deadline date. **(See the Federal Register notice for detailed instructions.)**

MAC USERS

For MAC compatibility information, review the FAQs for non-windows user at the following Grants.gov link: http://www.grants.gov/help/download_software.jsp.

IfError! Hyperlink reference not valid.

Electronic submission is required and you are concerned about your ability to submit electronically as a non-windows user, please follow instructions in the Federal Register notice to obtain an exception to the electronic submission requirement no later than two weeks before the application deadline date. (See the Federal Register notice for detailed instructions.)

ATTACHING FILES – ADDITIONAL TIPS

Please note the following tips related to attaching files to your application:

1. Ensure that you only attach the Education approved file types detailed in the Federal Register application notice (.doc, .pdf or .rtf). Also, do not upload any password protected files to your application.
2. Grants.gov cannot process an application that includes two or more files that have the same name within a grant submission. Therefore, each file uploaded to your application package should have a unique file name.
3. When attaching files, applicants should limit the size of their file names. Lengthy file names could result in difficulties with opening and processing your application. We recommend you keep your file names to less than 50 characters. In addition, applicants should avoid including special characters in their file names (for example, %, *, /, etc.) Both of these conditions (lengthy file names and/or special characters including in the file names) could result in difficulties opening and processing a submitted application.

4. Applicants should limit the size of their file attachments. Documents submitted that contain graphics and/or scanned material often greatly increase the size of the file attachments and can result in difficulties opening the files. For reference, the average discretionary grant application package totals 1 to 2 MB. Therefore, you may want to check the total size of your package before submission.

APPLICATION TRANSMITTAL INSTRUCTIONS FOR MAIL OR HAND DELIVERY IF A WAIVER HAS BEEN OBTAINED.

SUBMISSION OF PAPER APPLICATIONS BY MAIL.

If you submit your application in paper format by mail (through the U.S. Postal Service or a commercial carrier), you must mail the original and two copies of your application, on or before the application deadline date, to the Department at the following address:

By mail through the U.S. Postal Service:

U.S. Department of Education
Application Control Center
Attention: (CFDA number 84.133A-1)
LBJ Basement Level 1
400 Maryland Avenue, SW
Washington, DC 20202-4260

Regardless of which address you use, you must show proof of mailing consisting of one of the following:

- (1) A legibly dated U.S. Postal Service postmark.
- (2) A legible mail receipt with the date of mailing stamped by the U.S. Postal Service.
- (3) A dated shipping label, invoice, or receipt from a commercial carrier.
- (4) Any other proof of mailing acceptable to the Secretary of the U.S. Department of Education.

If you mail your application through the U.S. Postal Service, we do not accept either of the following as proof of mailing:

- (1) A private metered postmark.
- (2) A mail receipt that is not dated by the U.S. Postal Service.

If your application is postmarked after the application deadline date, we will not consider your application.

Note: The U.S. Postal Service does not uniformly provide a dated postmark. Before relying on this method, you should check with your local post office.

SUBMISSION OF PAPER APPLICATIONS BY HAND DELIVERY.

If you submit your application in paper format if a waiver has been obtained by hand delivery, you (or a courier service) must deliver the original and two copies of your application by hand, on or before the application deadline date, to the Department at the following address:

U.S. Department of Education
Application Control Center
Attention: (CFDA Number 84.133A-1)
550 12th Street, SW
Room 7041, Potomac Center Plaza
Washington, DC 20202-4260

The Application Control Center accepts hand deliveries daily between 8:00 a.m. and 4:30 p.m., Washington, DC time, except Saturdays, Sundays, and Federal holidays.

Note for Mail or Hand Delivery of Paper Applications: If you mail or hand deliver your application to the Department--

- (1) You must indicate on the envelope and--if not provided by the Department--in Item 11 of the SF 424 the CFDA number, including suffix letter, if any, of the competition under which you are submitting your application; and
- (2) The Application Control Center will mail to you a notification of receipt of your grant application. If you do not receive this notification within 15 business days from the application deadline date, you should call the U.S. Department of Education Application Control Center at (202) 245-6288.

SECTION K

REQUIRED FORMS AND FORM INSTRUCTIONS

APPLICATION FORMS

The enclosed forms shall be used by all applicants for Federal Assistance under all NIDRR programs. A separate application must be submitted for each grant sought. No grant may be awarded unless the completed application forms have been received. If an item does not appear to be relevant to the assistance requested, write "NA" for not applicable.

For paper submission (IF A WAIVER HAS BEEN REQUESTED AND APPROVED) this application consists of four parts. These parts are organized in the same manner that the submitted application should be organized. These parts are as follows:

- Part I Federal Assistance Application Face Page (SF 424) and the ED Supplemental
- Part II Budget Information
- Part III Application Narrative
- Part IV Assurances, Certifications and Disclosures

Each submitted application should include an index or table of contents and a one-page project abstract. Pages should be consecutively numbered.

For MANDATORY electronic submission through Grants.gov the application format is set in the Headings.

- Part I Federal Assistance Application Face Page (SF 424)
ED Supplemental
- Part II Abstract
Table of Contents
Project Narrative
Other—Resumes
Other—Letters of Commitment/Support
Other
Budget Narrative

Part III- Application Narrative

Part IV - Assurances, Certifications and Disclosures

Each submitted application should include an index or table of contents and a one-page project abstract. Pages should be consecutively numbered.

SECTION L

APPLICATION CHECKLIST

APPLICATION CHECKLIST

- ☐ Did you complete the registration process for Grants.gov for the mandatory electronic submission on www.grants.gov?

Does your application include each of the following?

- ☐ Cover page (SF 424) marked appropriately with **84.133A-1**. Download of correct package for **84.133A-1** applying electronically
- ☐ Priority Topic identified in the Descriptive Title in Block 11 of the SF 424?
- ☐ Budget form (ED form 524) with dollar amounts not exceeding the maximum in any year?
- ☐ Required Cost Share included both on the “B” side of the ED 524 and explained in the budget narrative for each year?
- ☐ Budget narrative for each year with arithmetic checked for accuracy
- ☐ Program narrative, including abstract and responses to the selection criteria
- ☐ Assurances and Certifications (from the forms list in section K)
- ☐ Correctly uploaded files on Grants.gov?
- ☐ Narrative on the Protection of Human Subjects?

Did You do each of the following?

- ☐ Submit application on or before **Monday, March 07, 2011**?
- ☐ Provide 1 original and 2 copies of the application if submitting by post, hand-delivery or carrier service (Although not required, 1 original and 9 copies are requested and a disk copy) – if you obtained a waiver?
- ☐ Fully complete the upload of your application and receive successful validation of the submission **before 4:30:00 pm**, Washington, D.C. time on the closing date?

PAPERWORK BURDEN STATEMENT

According to the Paperwork Reduction Act of 1995, no persons are required to respond to collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 1820-0027. The time required to complete this information collection is estimated to average 200 hours per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection.

If you have any comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to: U.S. Department of Education, Washington, D.C. 20202-4537. **If you have comments or concerns regarding the status of your individual submission of this form, write directly to:** 84.133 Grant Program, Office of the Assistant Secretary for Special Education and Rehabilitation Services, National Institute on Disability and Rehabilitation Research, U.S. Department of Education, 400 Maryland Avenue, S.W., Washington, D.C. 20202-2700.

GRANT APPLICATION RECEIPT ACKNOWLEDGEMENT

If you fail to receive the notification of application within fifteen (15) days from the closing date, call:

U.S. Department of Education
Application Control Center
(202) 245-6288

GRANT AND CONTRACT FUNDING INFORMATION

The Department of Education provides information about grant and contract opportunities electronically in several ways:

ED Internet Home Page www.ed.gov
